MONDAY, November 28, 1774.

AT a Meeting of Committees from the several Towns in the County of BARNSTABLE, *met and convened at the Court-House in said County, on Wednesday the 16th Day of November, A. D. 1774.* vid. pa. 603.

Hon. JAMES OTIS, Esq; being chosen Moderator, and Col. JOSEPH OTIS, Clerk.

AFTER taking into serious Consideration the distress'd and difficult situation of our public Affairs, arising from the repeated unjust Attempts of an arbitrary Administration, to deprive us of our civil Rights and Liberties, and to subject our Lives and Properties to the Will and Controul of the British Parliament, in direct violation of the most solemn Compact between the King and the Inhabitants of this Province, as well as of the British Constitution itself; which cruel Attempts have appeared in various Instances; but more especially in the several Acts passed in the last Session of the British Parliament, respecting the Massachusetts-Bay and Quebec, which are too well known to need a repetition of their Titles. We do therefore think it a Duty incumbent on us to bear our public Testimony against them, and to join in the general Endeavours of this Country to prevent the total extinction of Civil and Religious Liberty. We do therefore RESOLVE,

1st. That we recognize King *GEORGE* the Third, of Great-Britain as our rightful Sovereign.

2d. That we apprehend, the Parliament of Great-Britain have no right to dispose of our Properties, alter our Constitution, or make Laws binding upon us, without our Consent. vid. declaratory act, pa. 524.

3d. That the Acts of Parliament referred to as above, are, in our apprehension, not only Unconstitutional, but a most unparalled Instance of Injustice, Cruelty and Oppression, which ought never to be submitted to.

4th. That we do hereby approve of, acquiesce in, and solemly engage to Conform to the Resolves and Recommendations of the Continental and Provincial Congress, so far as we have been acquainted with their Proceedings; esteeming them the most prudent Method of opposing said Acts, and the most likely Means of obtaining a Redress of our Grievances. And therefore,

5th. We do recommend it to the Inhabitants of this County, to subscribe the Association, agreed upon by the Continental Congress, with the following Addition, viz. "We the Subscribers do solemnly agree and promise, that we will observe and conform to the above Association, and do hereby make it our own particular Act and Covenant, and do further engage, that from and after the Date hereof, we will not Buy, Sell, Transport or Drink or suffer our Families to Buy, Sell, Transport or Drink any kind of India Tea, whether Imported on Account of the East-India Company, or any other, or from any Part of the World till we obtain as ample Redress of our Grievances, as is specified in the said Association, as witness our Hands this Seventh Day of November, A. D. 1774." and that each Member of this Congress do immediately Sign said Association with said Addition: And that we Recommend it to every Town in the County, who have not already chosen, to choose Committees, to see that the Inhabitants of their respective Towns Sign as above; and to inspect and inquire if any Person act contrary to said Association and Addition, and in case they do, or any refuse to Sign said Association, &c. to Publish their Names to the World.

6th. That we will ourselves, and do earnestly Recommend it to the Inhabitants of this County, to use their utmost Endeavours to suppress all Mobs, Riots and Breaches of the Peace.

7th. That in Order to keep Peace and good Regulation in the County, and that the Lives, Liberties and Properties of the People may be safe, we do Recommend it to the several Justices of the Peace in the County, who were in Office before the last Day of June past, to Act in their said Offices, in their single Capacity, except in Judicial Proceedings merely civil; and that they exert themselves, agreeable to the Laws of the Province relative to the suppression of Vice, Immorality, Breaches of the Peace and all high-handed Offences; and to use their Endeavours to prevent Mobs, Riots, Routs and unlawful Assemblies; and to preserve the Peace of the County: and we Recommend it to the Sheriffs to retain such Persons as are or shall be Committed, as Criminals, in his Custody, until they have a Trial, any Supersedeas or Proclamation to the contrary notwithstanding; at least, until the Minds of the Provincial Congress be expressed, respecting this Matter; and we do hereby recommend it to the Inhabitants of this County, to aid and assist the Justices and Sheriff in the execution of their Offices as above.

8th. That a Committee of this County be chosen by this Congress, to Correspond with the Committees of the other Counties in this Province, as Occasion may require;

Col. *Nathaniel Freeman*, Col. *Joseph Otis*,
Mr. *Thomas Paine*, *Daniel Davis*, Esq; and
Mr. *Job Crocker*, were unanimously chosen.

9th. That it be recommended to every Town in this County who have not chosen Committees of Correspondence, to choose them; and likewise, for every Town in the County to send Members to the Provincial Congress.

10th. That it be recommended to the several Towns in this County to call Meetings and vote their Approbation of, and hearty Concurrence with, the Resolves and Recommendations of the Continental, Provincial, and this County Congress.

11th. That it be recommended to the several Towns of this County to raise Subscriptions for the Relief of our suffering Brethren in Boston. see Index, under don.

12th. That it be recommended to the Inhabitants of the County to use their Endeavours to suppress common Pedlars of Scotch, English and India Goods; and that the several Inhabitants in the County be desired, in the name of this Congress, to refuse Entertainment to them; and that the Clerk hereof serve the Innholders with a Copy of this Resolve.

13th. That it be recommended to the several Military Companies in the East Regiment in this County, who have not yet chosen their Officers, to choose them, as soon as may be, agreeable to the Resolves and Recommendations of the Provincial Congress: And we do Recommend it to the several Military Officers, who are, or may be chosen in the County, to require all, who are liable by Law of the Province, to attend Military Exercises and Obey their Officers; and that the Officers see that all in both Lists be provided with Arms and Ammunition according to Law: And in case any refuse to Obey their Military Officers, we recommend it to the Inhabitants of the County, to assist them in *enforcing* Obedience to their Orders, agreeable to the Law of this Province.

14th. That a Committee be chosen to consider further of our public Grievances, and of the State of this County, and report at the adjournment of this Meeting.

The Hon. *James Otis*, Esq; Col. *Joseph Otis*,
Col. *N. Freeman*, Capt. *Joseph Doane*,
Mr. *Thomas Payne*, *Daniel Davis*, Esq; and
Capt. *Jonathan Howes*, were accordingly chosen.

15th. VOTED, That the County's Committee of Correspondence be desired to procure printed Copies of the Proceedings of this Congress, and the above mentioned Association, and that they transmit Two Setts to each Town in the County, to be directed to their respective Committees of Correspondence.

The Congress then, after each Member had sign'd the said Association with said Addition, and voted their Thanks to the Moderator, Clerk, and Col. Freeman, for their good Services, adjourn'd to the second Tuesday in January next. *A true Copy,*

JOSEPH OTIS, Clerk.

AT a meeting of the Blacksmiths of the *County of Worcester*, convened at Worcester on the 8th Day of September last, and continued by adjournment to the 8th Day of November, 1774, the following resolutions were come into, viz.

WHEREAS at a meeting of the Delegates from the counties of Worcester, Middlesex and Essex, with the committee of correspondence of the town of Boston in behalf of the county of Suffolk, holden at Boston the 26th Day of August 1774, it was resolved—That all such officers or private persons as have given sufficient proof of their enmity to the people and constitution of this country, should be held in contempt, and that those who are connected with them ought to seperate from them; labourers to shun their vineyards, merchants, husbandmen and others to withhold their commerce and supplies.

IN compliance therefore to a resolution of so respectable a body as aforesaid, so reasonable in its contents, and so necessary at this distressing day of trial—We the subscribers being deeply impressed with a sense of our duty to our country, paternal affection for our children and unborn millions, as also for our personal rights and liberties, solemnly covenant, agree and engage to and with each other, that from and after the first day of December 1774, we will not, according to the best of our knowledge, any or either of us, nor any person by our direction, order or approbation, for or under any or either of us, do or perform, any Blacksmith's work or business of any kind whatever for any person or persons whom we esteem enemies to this country, commonly known by the name of tories, viz. all counsellors in this province appointed by mandamus who have not publickly resigned said office, also every person who addressed governor Hutchinson at his departure from this province, who have not publickly recanted; also every officer exercising authority by virtue of any commission they hold tending to carry any of the late oppressive acts of parliament into execution in America; and in particular we will not do any work for Tim. Ruggles of Hardwick, John Murray of Rutland, and James Putnam of Worcester, Esq'rs; nor for any person or persons cultivating, tilling, improving, dressing, hireing or occupying any of their lands or tenements.—Also we agree to refuse our work of every kind as aforesaid to all and every person or persons who shall not have signed the non-consumption agreement, or have entered into a similar contract or engagement, or that shall not strictly conform to the association or covenant agreed upon and signed by the *Continental Congress* lately convened at Philadelphia.

We further agree that we will not do any work for any mechanick, tradesman, labourer or others, that shall work for, or in any ways, or by any means whatever, aid, assist, or promote the business, or pecuniary advantage, pleasures, or profits of any the said enemies to this country.

Resolved, That all lawful ways and means ought to be adopted by the whole body of the people of this province, to discountenance all our inveterate political enemies in manner as aforesaid.—Therefore we earnestly recommend it to all denominations of artificers that they call meetings of their respective craftsmen in their several counties as soon as may be, and enter into associations and agreements for said purposes, and that all husbandmen, labourers, &c. do the like: And that whoever shall be guilty of any breach of any or either of the articles or agreements, be held by us in contempt as enemies to our common rights.

NORWICH, November 1.

Last Evening Joseph Atwood, a notorious Thief, was brought from the Landing and committed to the Goal in this Town: This artful Freebooter, had, on the preceeding Evening secreted himself in a Store of Mr. Joseph Howland, and after it was shut up, began to Rummage; he visited the Till from which he extracted 50s. L. M. being all the Cash there deposited; he afterwards inspected the Goods, and supplied himself with Necessaries to the amount of 18l. Having gratified his Rapacity, he thought proper to retreat; but in the Lofts of the Store, which is very large there are Scuttles, through which Casks, &c. are hoisted and lowered; these being accidentally left open, in stumbled our hapless Hero, and descended in an instant, from the upper Loft to the Floor of the Cellar, the Distance between which is about 30 Feet, there prostrate, with his Head lacerated, his Shoulder dislocated, and in a State of utter Insensibility, remained for a considerable Time, the identical nocturnal Adventurer, who in the Fall preceeding this, was exalted to the Top of the Gallows, in Boston when Levi Ames was executed. However, he recovered and escaped, with his Booty, out of a Window; but was next Morning apprehended, conducted to the Place of Flagelation and had ten Stripes, properly administered: During the Performance of that Operation one of his Friends, then present, burst into an immoderate fit of Laughter; but he had much better have repressed his Risibility on that Occasion, for the suffering Culprit provoked at his unseasonable Mirth impeached him of stealing four dressed Skins from Mr. Chenea, and advised the Officers to search the Fellow's Chest, which Request they complied with, found the Leather and secured the Thief.—We hear that Atwood, when upon Examination, and since his commitment, has confessed that he has been privy to several Villainies, in concert with a Gang of Banditti who are hovering about this Town.

WHEREAS I, Joseph Lee, of Concord, Physician, on the Evening of the 1st ult. did rashly and without Consideration, make a private and precipitate journey from Concord to Cambridge, to inform Judge Lee, that the Country was assembling to come down (and on no other business) that he & others concern'd might prepare themselves for the Event, and with an avowed Intention to deceive the People; by which the Parties assembling might have been exposed to the brutal Rage of the Soldiery, who had timely Notice to have way-laid the Roads and fired on them while unarmed and Defenceless in the dark.

By which imprudent Conduct, I might have prevented the salutary Designs of my Countrymen, whose innocent intentions were only to request certain Gentlemen sworn into Office on the new system of Government, to resign their Offices, in order to prevent the Operation of that (so much detested) Act of the British Parliament for regulating the Civil Government of the Massachusetts Bay: By all which I have justly drawn upon me the displeasure of my Country.

When I cooly reflect on my own imprudence, it fills my Mind with the deepest Anxiety.

I deprecate the resentment of my injured Country, humbly confess my Errors, and implore the Forgiveness of a generous and free People. Solemnly declaring that for the future, never to convey any intelligence to any of the Court Party neither directly nor indirectly, by which the designs of the People may be frustrated in opposing the barbarous Policy, of an arbitrary, wicked and corrupt Administration.

JOSEPH LEE.

Since our laſt Captain Folgier arrivid at Salem from London, and has bro't Prints to the 28th of September, from which we have extracted the following Articles of Intelligence.

LONDON, Sept. 14.

Extract of a private letter from the Hague, September 9.

"The war which was expected in Europe ever ſince the year 1770, but hitherto prevented by the puſillanimity of a certain Miniſtry, who would rather ſuffer the groſſeſt affronts than venture to enter into any diſpute, was expected to break out immediately after the diſeaſe of the late French King.—The expectation anſwered ſo far, that a great change immediately took place among the French Miniſtry, when all thoſe who were known to be inclined to be pacific were looked upon as traitors to their country, and have been exiled and baniſhed the court; but all thoſe who were known to be inclined to war, have been preferred and called into office. In this ſituation of the French cabinet, joined in their intereſt with that of Spain, the expected war ſhould have broke out ſome months ago; but the true reaſon and policy of that heſitation is the following:—The Britiſh Miniſtry had, ever ſince the preſent reign, a deſire to enſlave the colonies of America, and to render the King deſpotic in theſe vaſt and extenſive provinces; but this plan could not have been carried into execution, becauſe it was contrary to the intereſt of France and Spain, both which courts always rather wiſhed to ſee the prerogative power of a Britiſh King limited as much as poſſible. Whether it was a ſecret article of the peace ſettled between the beligerent powers, in the year 1763, or whether it was ſettled and effected in the latter end of the late reign in France, by a corrupted French Miniſtry, that France ſhall not intermeddle in the diſputes between Great-Britain and her colonies, is unknown; tho' ſo much is ſure, that the Britiſh Miniſtry had a ſolemn promiſe from the leaders of the French cabinet not to interfere in theſe affairs. As ſoon as that ſolemn promiſe was given to the Britiſh Miniſtry, they began to operate, and to lay the affair before the Parliament, being ſure to carry every motion by a majority. Scarce was the above deep laid plan of the Miniſtry begun to be carried into execution, but the French King died, and an utter change happened among the Miniſtry there, to the greateſt diſappointment of the Britiſh Miniſtry. A declaration, however, was immediately made by the young French King, engaging to obſerve the ſame friendſhip with his neighbours as his illuſtrious predeceſſor did; and in the mean time, ordered to bring both his land and ſea forces in the beſt ſituation, to be in readineſs at a moment's notice, for no other reaſon but to watch very anxiouſly the reſolutions of the General Aſſemblies of America.

"As ſoon as the diſputes between Great-Britain and her Colonies ſhall come to blows, France and Spain will immediately take the advantage of it, and attack Great-Britain with power and vigour. This intention of the French and Spaniards is foreſeen by the Britiſh Court, who continually ſend inſtructions to their Ambaſſadors to enquire for the reaſon of the preparations of war, which are carried on with ſo much aſſiduity in France and Spain; but the anſwer theſe Ambaſſadors generally receive is very indifferent.—In this manner France and Spain are watching the reſult of the Britiſh Americans, and how this quarrel will end; and the Britiſh Miniſtry, on the other hand, are keeping backwards from executing their plan in America, till they know how matters will be ſettled at the Courts of France and Spain.

Sept. 19. The Miniſtry are perplexed to the laſt degree relative to what ultimate part they ſhall take concerning America; every diſpatch they receive at preſent from that quarter of the world, affording rather a freſh choice of difficulties, than any encouragement to get rid of them. In this dilemma, the medium of a patched-up, ſervile policy is adopted, which is to ſecure, at all events, the continuance of a French peace (no matter how much national honour is ſacrificed for the purpoſe) and then try the *full force of the bayonet* beyond the Atlantic. What a wretched ſituation then is this country reduced to? forced to bear inſults from its *avowed enemies*, for the purpoſe of trampling on the *lives, liberties*, and *properties*, of its *own ſubjects*.

The patriots in both kingdoms are collecting their utmoſt force, in order to perform ſome new political manœuvres the enſuing winter. It is generally expected it will be to uſe the old proverb, "*A warm ſeſſions*, and the Miniſter very hard driven," as it is very well known that more than one or two acts which have been done in the preſent parliament, will be moved moſt ſtrenuouſly to be repealed. Should Lord North not be able to ſtand againſt this united force, his power will be at an end, and there will be new Miniſter to meet the new Parliament; and perhaps this may be productive of more changes in adminiſtration, particularly in the chairs of both Houſes.

Sept. 24. Some advices have been received from General Gage within theſe few days, which are kept very ſecret; but it is reported, that ſome of the perſons concerned in promoting the meetings of the people are taken into cuſtody, and put on board one of his Majeſty's ſhips of war, in order to be ſent to England.

In the late Queen Anu's reign, when Lord Corunbury was Governor of New-York, a committee was appointed by the general aſſembly of that province to examine into the grievances of their conſtitution. This committee paying due attention to the prerogatives of the crown, and the liberty of the ſubject, proceeded to draw up ſeveral noble and ſpirited reſolves, which were approved by the aſſembly then ſitting; who thereupon exhibited a complaint to her Majeſty, againſt Lord Corunbury's haughty and oppreſſive government. To which the Queen returned this truly gracious anſwer; "I have heard the cries of my injured ſubjects, nor will I countenance my neareſt relation in oppreſſing my people." Though Lord Corunbury was her couſin ſhe diveſted him of his commiſſion, and put Lord Lovelace in his place.—*If his preſent Majeſty had judged as wiſely, we ſhould have had no American diſturbances.*

Sept. 26. Letters from Candiz ſay, that three Portugueze veſſels had been brought into that port by the Spaniards; but it was thought they would not be condemned without orders from Madrid.

Extract of a Letter from the Hague, Sept. 16.

"The States have frequent councils of late, and are making preparations for war, though with as little noiſe as poſſible. The Spaniſh miniſters have frequent conferences; and theſe two powers ſeem to be upon the moſt friendly footing. If you do not ſettle matters ſoon with your colonies, you may expect a diviſion of the Britiſh territories will be attempted. Your miniſtry are heartily deſpiſed here, and our politicians ſay, that this is the moſt favourable opportunity for your enemies to come to blows with you."

CHARLES-TOWN, *October* 25.

By Capt. Richard Grinnel, in the ſloop Maria, who arrived here the 7th inſtant, in 37 days, from the Iſland Deloſs, on the coaſt of Africa, we have the following account, "That Capt. Daniel Darby, in a brig belonging to New-York, had made ſeveral attempts to ſail from the coaſt, but meeting with misfortunes was obliged to put back. In the laſt attempt, he got about 30 leagues out at ſea, when his ſlaves roſe, and in the engagement killed his chief mate, and before they could conquer the ſlaves, they were obliged to kill a number of them, which made him put back again, and after he had arrived at the iſland Deloſs, his people all left him. Capt. Gideon, in a brig belonging to Liverpool, had arrived on the coaſt, and went into the river Pungeos, in order to ſlave off, and had not been there but a few days before he was cut off by the natives.

We are informed, that a few Days ago Jeſſe Hand, Eſq; of Cape May, came to this City with a genteel Sum of Money, generouſly ſubſcribed by the People of that Place, to be laid out for the uſe of the Poor of Boſton.

On the 10th of October there was an engagement between the Virginians and Indians, at the great Kanhawa.—Col. Extract of a Letter from a Gentleman in Alexandria, Virginia, to his Friend in this City, dated Nov. 7.

"I have no news excepting that the Virginians and the Indians have had a battle the 10th of laſt month, on the Great Kanhawa, in which the Virginians had 150 killed & wounded. There were found on the field only 19 Indians, among which were 5 different nations.—This news came to town the night before laſt."

Immediately after the action an expreſs was ſent to Lord Dunmore, who, we are informed, with 1000 men is gone to attack the principal Shawaneſe town.

NEW-YORK, *November* 17.

Extract of a Letter dated at Quebec October 30.

"A Committee is arrived here from the Engliſh Inhabitants in Montreal, who have met a Committee of the Inhabitants of this Place, and are drawing up a Petition to his Majeſty, againſt the Act of Parliament for regulating the Government of this Province, and hope they will meet with Succeſs."

NEW-YORK, November 21.

A Letter from Philadelphia of Nov. 17, 1774, ſays, Yeſterday came to Town a Man from Pittſburgh, and ſays Lord Dunmore has had a Meeting with the Indians and made Peace, demanding nothing more than the reſtoring of any white Perſons they have among them, and ſuch Horſes as they ſtole from the Frontiers."

Capt. Hunt, from Charleſtown in South-Carolina, informs us, That the Ship Britannia, Capt. Ball, arrived there from London a few Days before he ſailed, and that a Paſſenger who came into the Veſſel had in a clandeſtine Manner got on board 8 Cheſts of Tea, which the Capt. on his Arrival made known to the Committee, who ſoon cauſed the Gentleman to order his India Commodity to be thrown into the Sea; that Capt. Moore arrived there from Philadelphia the 4th of Nov. with the Delegates from the Congreſs, who were received by their Fellow Citizens with the ringing of Bells, &c. and that on the 5th of November the Inhabitants of Charleſtown gave up moſt of the Tea they had in their Houſes to be burnt in one general Bonfire.

TO THE PUBLIC.

I Purpoſe for my own ſatisfaction and to gratify the curious, to make daily obſervations of the temperament of the weather, as to heat and cold, as ſhewn by Farenheit's Thermometer; and at the end of every month for ſeveral months, and perhaps a whole year together, to publiſh in the news-paper, the medium of the ſeveral heights of the mercury, taken at ſunriſe, noon and ſunſet; the obſervations to begin the firſt day of December next.----And would hereby propoſe to ſuch Gentlemen as are owners of Farenheit's Thermometer, in different parts of this, or the neighbouring colonies to make & publiſh the like obſervations monthly, in the public papers; by ſuch a method may be eaſily known the different degrees of cold or heat in different parts of the colony or continent, a thing which has never yet been done. And the ſeveral printers are deſired to inſert the above in their reſpective papers the firſt opportunity.

I am the public's moſt obedient Servant,

NEH. STRONG.

P. S. I ſhall always keep the Thermometer expoſed to the open air, free from the influence of the heat of any fires, or rays of the ſun.

NEWPORT, November 21.

The Committees of Correſpondence in the ſea-port towns, in Connecticut, are very active in preventing the exportation of ſheep, agreeable to the 7th article of the aſſociation of the Congreſs; having already ſtopped ſeveral parcels.

The General Aſſembly of Connecticut, have choſen Eliphalet Dyer, Roger Sherman, Silas Deane, Titus Hoſmer, & Jonathan Sturgis, Eſqrs; to be their Delegates at the next Continental Congreſs, the 10th of May.

Warrants are iſſued for convening the General Aſſembly of this colony, at Providence, on Monday the 5th of December.

BOSTON, November 28.

BY the laſt Veſſel from England we have it from undoubted Authority that the Members of both Houſes who are Friends to America, have frequently Communications, for the Purpoſe of dropping their private Miſunderſtandings, and uniting in the public Cauſe, which at preſent needs their joint Aſſiſtance, ſince a Breach with America, hazarded by the late harſh Meaſures, may be ruinous to the general Welfare of the Britiſh Empire, and notwithſtanding it has been induſtriouſly repreſented that Lord Chatham has deſerted our Cauſe, it may be certainly depended upon by the Public, that the contrary is the Truth, and that his Sentiments are ſuch as America could wiſh.

In the violent Storm on Monday Night laſt, conſiderable Damage was done to Wharves, and to the Shipping in this Harbour; two or three of the Tranſports, had their Sterns beat in, and otherwiſe much hurt: Several other Veſſels loſt their Top-Maſts, &c. A ſmall Veſſel in the Government Service, lying at a Wharf, was ſunk. Tops of many Chimneys thrown down, and other Damage done at different Parts of the Town.

The Day before the above Storm, Capt. Ackworth, bound from Newfoundlnd for Salem, arrived at Cape-Ann, from whence we hear he ſent his Letters and a Number of Bills to this Place, and ſailed a few Hours before the Storm for Newbury-Port, but the Storm increaſed to ſuch a Degree, that his Veſſel was caſt away, which, with the Cargo, Himſelf, Mate, ſome Paſſengers, &c. were loſt. Only two Hands we hear were ſaved.

Several Veſſels were drove aſhore at Newbury-Port, and others laying at the Wharves, greatly damaged.—We fear of hearing further Damage.

Wedneſday laſt the Provincial Congreſs met at Cambridge, opened their ſecond Seſſions according to adjournment.—Nothing has as yet tranſpired.

Since the Proceedings of the Continental Congreſs have been made public, there have been ſeveral Funerals of Perſons of conſiderable Note in this Town, whoſe Relations omitted the uſual Practice of giving Gloves, conformable to that wiſe and prudent Meaſure recommended by the worthy Members of ſaid Congreſs, whoſe noble Reſolutions under God, we truſt will be the Salvation of America.

We hear that there was a Meeting in the Town of Roxbury, the laſt Week, for the Choice of Military Officers for the firſt Pariſh, when the Rev. Mr. Adams, opened the Meeting with a Prayer, after which he was choſen Moderator; they then proceeded to the choice of Officers for one Company, as follows, viz.

Capt. Joſeph Heath,	Captain.
Mr. John Greaton,	Lieutenant.
Mr. Joſhua Felton,	Enſign.

And at another Meeting ſince, in ſaid Pariſh, they made choice of the following Officers, for another Company, viz.

Mr. Aaron Davis,	Captain.
Mr. Robert Pierpoint,	Lieutenant.
Mr. Nathaniel Felton,	Enſign, And,
Capt. Joſeph Williams,	Serjeant.

Agreeable to the Advice of the reſpectable Provincial Congreſs, the Training-Band Company in Lynn, North Pariſh, being a Part of the firſt Regiment in the County of Eſſex, formerly commanded by William Brown, Eſq; politically deceaſed of a putrifient and mortal Diſorder, and now buried in the ignominious Ruins at Boſton; met on Monday the 15th Inſtant, and after chooſing Deacon Nathaniel Bancroft for their Chairman, elected Mr. Joſeph Gowen, Captain; Mr. Nathaniel Shearman, 1ſt Lieutenant, and Mr. John Perkins, Enſign.

At a Meeting of the Inhabitants of Anne-Arundel County, and the City of Annapolis, laſt Wedneſday, a Committee of 44 Perſons was choſen for that County and City, to carry into Execution the Aſſociation agreed on by the American Congreſs.

The Inhabitants of the City of Philadelphia, agreeable to the Reſolves of the General Congreſs, have appointed a Committee of 61 Gentlemen, to co-operate with the other Committees that are, or may be choſen on this Continent.

The Proceedings of York County Congress being so lengthy, and coming to Hand so late, we are oblig'd to Postpone them this Week. Their 7th Resolve is as follows, viz.

7. Whereas there have been several Sums of Money raised by the General Assembly of this Province, and committed to the Constables to collect, and pay the same unto Harrison Gray, Esq; Treasurer of the Province, and it evidently appearing by the late Conduct of said Treasurer, that he is not of a sound Mind, whereby there is Danger of his paying the Monies belonging to the Province to other Purposes than that for which it was raised; Wherefore this Congress recommend to the Inhabitants of each Town in this County to secure the Monies that is or may be collected by said Constables, in such Manner as that they may command the same, until the said Harrison Gray, Esq; hath his Reason restored to him; or some other Treasurer be constitutionally chosen.

Died last Night at Roxbury, after a short Illness, Mr. INCREASE SUMNER, aged 61.——His Funeral is to be on Wednesday next, when his Friends are requested to attend.

Died at Watertown, the Rev. Mr. SETH STORER, aged 73.

☞ *AS the Appearance of the Small-Pox in this Town has given rise to various Reports; the Public are hereby informed, that last Monday Night the Selectmen were acquainted by a Surgeon of the Army, that five Children in a House occupied by a Soldier of the 59th Regiment were seized with that Disorder, all of whom were sent early the next Morning to the Hospital at New-Boston, as was a Soldier of the same Regiment the Day following.—These are the only Persons in Town who have the Infection, and are all in a fair Way of Recovery —— Upon a strict Enquiry made thro' the Regiments by Order of the Governor, no one has been found among them that appears to have even the Symptoms of that Distemper,— the Rumour that some Soldiers or their Children were to be inoculated, is without Foundation; such a Measure having been forbid on Pain of his Excellency's highest Displeasure. It is supposed this Distemper was taken from a Child brought from New-York in one of the Transports, which died a Fortnight ago. And the Public may be assured that the greatest Care has been taken to prevent a Communication of the Infection.*

By Order of the Selectmen,
WILLIAM COOPER, *Town-Clerk.*

A field officer (General Lee) who diſtinguiſhed himſelf very much in the late war as a man who joined a conſummate knowledge of military affairs with the quickeſt ſenſe of honor, and who, upon the late war with the Porte and Ruſſia, ſignalized himſelf ſo much there as to be recommended to a Great Perſon under the Empreſs's own hand, lately obtained, in conſequence of thoſe powerful recommendations, a *poſitive promiſe* from a Great Perſon to have the firſt vacant regiment. Some days ago a regiment fell—the officer applied—but the S——y at W——, in great confuſion, told him, a miſtake had been committed, for it was given that morning to another;—the officer claimed his promiſe; the other evaded it, by aſſuring him his maſter forgot it, but ſaid he had poſitive directions to give him the next that fell. The officer, by this time ſeeing his ſituation, ſtopped him ſhort by the following reply; "No, my Lord, I have too great a regard for his Majeſty to lay him under the temptation of *breaking his promiſe a ſecond time*: ſo far from that, I ſhall immediately put it in his power to oblige another of his friends."—So ſaying, he took his commiſſion out of his pocket and reſigned it. This gallant officer has ſince ſet ſail for America.
